Turkish Flat Bead Crochet Bracelet

Turkish Flat Bead Crochet is an unusual crochet pattern based on Oya, the beautiful crochet trims found mostly around scarves edges in Anatolia. We will learn this easy, basic pattern to make Turkish Flat Bead Crochet Bracelet. Only simple crochet stitches are used.

Materials to make 1 Bracelet

- 10 g of Miyuki Seed Beads Size 5
- 1 Button for Closure
- C-Lon Tex 400 Bead Cord

Tools

- Steel Crochet Hook
- Tapestry or Big Eye Needles
- Scissors

Notes:

Seed Beads Size 6 will also work for this project.

Steel Crochet Hook Sizes: In most brands, Size 0 to Size 4. Needs to work with cord Ø 0.9mm

For \$6.00 I will provide all the material for 1 bracelet. I will bring a large selection of C-Lon Bead Cord for everyone to work with, plus plenty of needles to share, some crochet hooks and thread burners to finish the cord ends. Questions? Email or call. Thanks, Marion
